MONTAUK MILLS

DENZER & NATHAN

NEW YORK CITY

June 21, 1905.

Messrs. Bonnet & Nathan,
104-106 Wicoker Street,
New York.

Dear Sirs:-

Please send to me at your earliest convenience, 1 Sloan "Anti Corrosive" Channel, to match sample, which is the same as you have supplied me on several previous occasions.

Send a bill with it and I will call you a cheque at once.

Yours truly

Mercantile Stampings.

Gentlemen;

In order to meet the required demands of the trade for our "Anti Tarnish" flannel, we have added a few new shades which we carry in stock for immediate delivery, samples of which we enclose herewith.

As we are at present preparing to supply the trade for the usual large holiday demands, we would be pleased to have you place your orders now. This would be a great advantage to you, as it would save all delays by waiting until the last minute. We will accept your order (for any shade) to cover you for the season, and allow you to draw on same as you desire.

DON'T WAIT----------DO IT NOW.

Thanking you for any consideration in this matter, we beg to remain,

Yours very truly,

Denzer Nathan
